

**Day spa at Sans Souci hotel: a wellness oasis in the heart of Vienna**

## **SANS SOUCI SPA: AN URBAN SPA WITH CHARM**

**The motto reflected in all the Sans Souci Spa's design and amenities is "Unwind". Swimming under crystal chandeliers, a massage in your lunch break or an exclusive beauty treatment – and all in the heart of Vienna? A veritable wellness paradise with a 20 metre long sports pool, saunas and steam bath unfolds over 450 square metres at the Sans Souci hotel. The most wonderful thing: the spa is open every day until 10 p.m. and is not just reserved for hotel guests.**

"Wellness, fitness and a sports pool of this size in the middle of the city, that's unique in Vienna's hotel industry," beams Vesna Prokic, Hotel Director. "Our opening hours are also unique: swimming is possible from 7 a.m. to 10 p.m. 7 days a week, and there are treatments from 10 a.m. It's not just the Viennese who love it."

### **Extensive spa**

The spa area has two treatment rooms, a gym with Technogym designed by Antonio Citterio equipment (endurance, strength, kinesis), two saunas in front of a relaxation area, a steam bath and sunbathing lawn. Anyone who wants to balance their mind and body can book personal training sessions at the Sans Souci Spa.

The "Vinoble" natural cosmetics range offers a unique combination of pure luxury and sensual pampering. The products are 100% vegan and do not contain any parabens, paraffins, synthetic preservatives or mineral and silicon oils. The Sans Souci Spa's extensive range also offers, for example, exclusive wellness programs, which consist of relaxing massages and body treatments. "Our therapists place great importance on personalised, tailored treatments," says Mrs. Klausberger-Gaudenzio, Spa Manager.

### **Vienna's longest hotel pool**

The highlight and heart of the Sans Souci spa is the 20 metre long luxury pool with crystal chandeliers from Viabizzuno above it conjuring up magical mood lighting and reflections. With its sporty dimensions, it's made for intensive swimming training, either regularly every day from 7 a.m. or spontaneously during the day when there's a gap in your schedule. The pool is open without membership, either with a day pass or a pass with 10 tickets for the pool (without use of the sauna and fitness area).

### **Open to everyone: day spa and memberships**

Admission to the Sans Souci Spa wellness complex is possible either with day spa tickets or different versions of longer memberships. Unlimited access for one month is available for € 250. Attractive extras are included depending on the membership (spa day tickets for guests, free spa treatments etc.). Every spa visitor is given a locker with safe, bathrobe, fluffy slippers, hand and bath towels and exclusive toiletries. Great news for workaholics: the whole spa area is open until 10 p.m. every day.
